August 27, 2010

Dear Friend of the Second Amendment,

Gun Owners of America Political Victory Fund is pleased to endorse Washington State Representative Matt Shea (R-4) for reelection.

Rep. Shea does more than just talk about defending the Second Amendment. The freshman representative from Spokane Valley has authored bills to both protect the right to keep and bear arms and to push back against unconstitutional federal gun control laws.

Rep. Shea introduced HB 2709, the Washington State Firearms Freedom Act. This bill establishes that personal firearms, firearm accessories and ammunition that have been manufactured and kept in the state are not to be subject to federal gun laws.

This is important because the Commerce Clause is the “hook” that Congress has used to justify almost every single federal gun control law. But with the passage of HB 2709, a stand will be taken that guns stamped with the words “Made in Washington” are no business of the federal government.

Rep. Shea also authored a bill reaffirming that citizens in the state have the right to defend themselves by using any force necessary, including firearms. The act also declares that the government is not allowed to mark, track or trace firearms possessed by law-abiding citizens.

Gun Owners of America will continue to work with Rep. Shea to pass these important bills, and we urge all gun owners and sportsmen in Spokane Valley to get behind this pro-gunner’s campaign for reelection.

Pro-gun leaders in Olympia are rare, and we need to ensure that those who are fighting for our gun rights have the full support of the folks back home.

I encourage you to visit [www.voteshea2010.com](http://www.voteshea2010.com) to learn more about Matt’s campaign. And please remember to vote for Matt Shea in the November elections.

Sincerely,

Tim Macy  
Vice-Chairman
